It's almost exact (with a couple of very minor changes if any). I just thought I'd send you this link to work with until Bill sends you the voted on version. He should have that and also should have given it to Sharon to scan.

Is this draft the exact text? I saw the draft on the website but since it has been voted we would want to have a document that says final text, rather than draft.

Good Morning – I only see minutes from the Board as recent as September which do say your board discussed this – but what is that status now – did it pass?

Message:

Hello,

I received a draft copy of Regulation for Reduction in Single-Use Plastic Checkout Bags in September. Please could you advise me whether this regulation is now with the attorney general for a signature? If this is the case please could you either send me a final copy of the legislation or alternatively provide me with the ordinance/bylaw/article number so that I can formally request this via your website. If it has not passed, please could you advise me as to when/if further votes/readings will be taking place so that I can follow these.

Kind Regards,
Emilia Kartz
